THE TRUTH OF COMMUNITY

Daniel Skillman / 2023-06

We are speeding towards a post-truth world. Propaganda, enhanced by censorship and AI, coupled with an intentional separating and siloing of the public by those in control of government and mass communication will soon render us unable to discern the truth about almost any event of consequence. Facts will be almost useless in a world where one can never be sure that they're dealing with facts.

In such a world, power comes to the forefront, and attempts to assert itself as the arbiter of truth. Those with the loudest voice, the widest reach, and the most dangerous weapons police the truth through a "justice" system that silences and punishes dissent by smearing those who question the dominant narrative, erasing their words, jailing them, and often by killing them, thus leaving only power and that which power claims. Power makes this assertion: "Believe me, or I'll kill you. Power is truth."

But, of course, truth is not identical to power. In fact, truth is quite weak. Truth, real truth, only has the weak power of persuasion. It can only convert by virtue of its correspondence with reality. It lacks every other power.

And that is why for truth to have any hope, it must find habitation in those who are determined to live by it, even in the face of the working of power. Truth marches forward by those who carry it, and stand for it, and will not back down, even if all the powers that be are arrayed against them. "

But the fight is never a fight with the might of arms. Truth never censors. It combats "bad" speech, mistaken speech, dishonest speech with "good" speech, correct speech, honest speech. Truth never forces itself forward, but only advances by the weak force it carries within itself.

Blessed are those who speak truth to power, and refuse to be stenographers to censors, and propagandists, and authoritarians. Blessed are those who are committed to the weakness of truth, willing even to die for it, rather than bend the knee to power. Theirs is the kingdom of heaven.

As we move, and at such a rapid pace, into a post-truth world, local community gatherings of those committed to truth (and its mother, love) will become more important than ever. As the truth of national and world events becomes harder to discern, increasingly clouded by powerful censors, propagandists, and dictators, the truth of community, of comradery, of friendship, of solidarity, of extended chosen family will reveal itself to be of paramount importance.

The powers that be will seek to confuse, divide, and thereby conquer you. As the half-truths and outright lies pile up, and reach closer to home, you will begin to lose faith and trust and connection, and find yourself increasingly isolated. In such an environment, it is easy for people to disappear, to be carted off to "re-education" camps, to

be jailed, to be executed (never forget the example of 1930s Germany). Without knowing them, you may not miss them. Without knowing them, you may believe that they are what the powerful say they are.

But in community, no one is a number. Everyone has a name and a story, and that name and that story are known by each member of the community. It's difficult for lies about people you know to take root. *"I don't care what you say about him. I know him."* And even if flaws are to be found, especially if flaws are to be found, community says, *"You will not take him away. We refuse to sacrifice him. We love him."*

Isolated and alone, we will eventually be at the mercy of the state for everything, including shelter and food (Make no mistake, that's what all the talk about a centralized digital currency is all about.). But in a commune of flesh and blood, we will share our bread and wine with each other, and ensure that no one goes without their basic needs being met.

A lone voice in the wilderness can easily be dismissed as a crack-pot, as a "conspiracy theorist," as an asset of the enemy. But a congregation speaking truth together, with one voice, confessing that which was, and is, and is to come in word, song, and sacrament, willing even to be martyred together...that is not so easily dismissed.

In a world ruled by power, truth will be reclaimed only in relationship, in community, in the gathering of those committed to living in a way set apart from the pursuit and worship of power...the way of truth spoken and lived out in love, face to face, arm in arm, in living and loving flesh and blood solidarity.

But, of course, you knew I'd say that. I'm a Christian.

COUNCIL CORNER

"Oh, feed me this day, Holy Spirit, with the fragrance of the fields and the freshness of the oceans which you have made, and help me to hear and to hold in all dearness those exacting and wonderful words of our Lord Christ Jesus, saying: *Follow me.*"
Six Recognitions of the Lord by Mary Oliver.

In his sermon on May 21, Pastor Dan preached that the giving of the Holy Spirit at Pentecost means that God dwells in the hearts and minds of His people. What a strange grace it is to think that the Spirit of Jesus dwells in us ordinary folks. Truly, what a great and glorious High Priest we have in Jesus that He would want to be that close to us to comfort us in our losses and to celebrate with us in our joys.

The congregation of St. Paul church has certainly had our fair share of losses. We grieve the passing of so many of our brothers and sisters over the last years. We grieve others who have fallen away from our St. Paul family. Yet, we have many reasons to celebrate! We have a top-notch Office Staff, a fantastic Music Ministry, a great Preacher, a bustling Preschool, and a Youth Director who is bubbling over with great ideas to extend the hand of Jesus to the youth of our community. Blessings upon blessings!

St. Paul has so many wonderful things to share, that it really is not fair to keep these all to ourselves. I recently read an email from our Treasurer, Dennis Mille, to the Manager of the company who maintained our recycling bins. Unfortunately, the recycling bins in the parking lot were not doing much good, so it was decided to have them removed. After the company removed the bins, Dennis wrote the man back to thank him, but Dennis went a bit further, and invited him and his staff to come to our church. I nearly fell off my chair when I read that.

My point is, let's all be like Dennis and continuously think that every person we meet in a day's time, is a child of God who needs to be encouraged. So, invite them to church!

Council Members: Gary Grizzell, Chris Hall, Randy Hamilton, Wes Hansen, Amy Hofmann, Mike King, Dennis Mille, Lisa Nelson-Firing, Phil Sultan, Donna Tindera, and Pastor Skillman.

PROPERTY COMMITTEE

First of all, and likely the most obvious, is the removal of the four yellow, overflowing recycle containers from the Southwest corner of the parking lot. St. Paul has allowed them to stay as a community service, even though they have provided no income in the last 3 years. Even though reliable recycling dumpsters are available, the return is only \$.03 per ton of paper. Removal of the dumpsters will allow us to lease an additional twenty parking spaces to the Berea-Midpark students, and raise additional funds for the upkeep of the parking lot.

Also on the in process list is leveling of the uneven sidewalk pavement by doors #1 and #2. Doing the work will be much more reliable when the weather provides no rain or frost immediately after the work is done.

You will also notice a new AED is available on the wall by the door to the store room across from Fellowship Hall. The Pre-school provided the unit, and being located in the middle of their activities areas it also is readily available for an emergency in the Fellowship Hall. These automatic defibrillators are remarkable and easy to use. There is no training necessary because when activated it will “tell” a rescuer step by step what to do. If you would like to know more about the AED or how to use it, see the office staff for a DVD “get acquainted “ presentation.

The Annual Key Bank Neighbors Make a Difference Day will take place on June 13th. Volunteers from Key Bank will be permitted to assist us the afternoon of that day to spread mulch on the flower beds and courtyard. We would like to mulch all of the areas since it has been 2 years since this was done. BUT, to do all areas will require 17 cubic yards of mulch. If you would be able to help spread the mulch on the afternoon of June 13th, please call Meg Montag or Jim Jungeberg and let them know. We don't want to order more mulch than can physically be spread.

Now for the big news item – In the last nine months we have had three locations where the copper water pipes in the building leak due to corrosion “eating” through the pipes. We have had water samples of both the domestic water and the boiler water system tested, and found that the city water supplied, although safe by EPA specifications, is very high in mineral content. In order to stop the corrosion, we have solicited the assistance of Stack Heating and Cooling because the heating system is at risk as well. We have received a proposal from Stack to install a filter and water softener system. The proposal not only removes the problem mineral from the city water, but adds a tankless water heater to the kitchen to supply hot water specifically for the dishwasher. This will allow the dishwasher to use water much hotter for sterilization than allowed in the other sinks and facilities in the building. Council is formulating a financial plan to fund this project as soon as possible.

The usual monthly reminder: When the major repairs and replacement of parts of St. Paul was built into the budget almost nine years ago now, the congregation was advised that a 7% increase in giving would be able to support that plan. The congregation has been faithful to their unanimous approval and allowed St. Paul to make several improvements that have reduced the upkeep and operating expenses for the congregation. In last

November's congregational meeting, the financial report showed that the level of giving has decreased about 5% in the last year, making it difficult if not impossible to continue with the annual repairs in the future years. Please prayerfully consider what you may be able to do to help offset this decrease so that we can continue to make the necessary repairs and replacements before they become a more costly emergency situation.

Committee Members – Dennis Mille (liaison to council), Bill Goette, Ruth Hamilton, Scott Harkema, Diane Mille, Dave Navy, Linda Jungeberg

BEST WISHES LOREN!

Members of the choir had a farewell lunch with Loren on May 21st. We were so lucky to have him with us for 5 years! We will miss him, but wish him well as he pursues graduate studies in Michigan.

SHEEP AND GOATS

NAVAJO EVANGELICAL LUTHERAN MISSION

ROCK POINT MISSION TODAY

Today Rock Point has a gas station and convenience store, a laundromat and post office, high school, a chapter house and senior center –and 2000 people living on the land in family clans. Food and medical services are still more than 50 miles away, and general shopping is 115 miles away in New Mexico.

The Mission campus includes Navajo Mission Preparatory School, a K-2 private Christian school, a clinic operated by Tachiinii Nursing Services, Inc. home healthcare services, and an ELCA congregation, House of Prayer.

At the Mission, the Navajo people learn to see themselves and the church as the guiding light – but not the whole show. There are other components of the Mission (like our school, clinic, cultural center, water project, and food bank) which demonstrate our commitment to love one another.

What we do and how we assist the community is the practice of our faith in daily life. We believe this is the teaching of Jesus that holds us in the right relationship with our neighbors.

Note: Our donations this month will go toward passenger vans which will be used to transport children on the Reservation to and from school.

MESSAGE FROM THE TREASURER:

Greetings. Thank you to those who have taken the steps to increase their giving by 10% to 20% to help us meet the Congregation approved 2023 budget of \$368,611. Please consider your increased contribution in the year ahead if you can afford to do so. As you can see from the Financial Report we have an operating deficit of \$23,388 to actual expenses. Please continue to prayerfully consider the blessings you have received and the gratitude gift you are able to donate to your church.

Did you know that asking a family member, neighbor or friend to attend our church services is a form of discipleship and similar to financial support expressing gratitude for the blessings you have received. Consider inviting someone to share the worship experience with us. Just think, if just twenty people bring a guest - we have twenty new potential members. How wonderful!

Thank you for your support of the congregation with your time, talent and financial contributions. Moreover, greater participation is always welcome. If you cannot attend our church services in person you merely go to www.stpaulbera.org and click on view the service (or past services).

Thank you for your spirited generosity which ensures we can carry our message and our works throughout the community for years to come.

With Gratitude,
Dennis Mille, Treasurer

INCREASING MEMBERSHIP CHALLENGE

Discipleship is similar to financial support expressing gratitude for the blessings you have received. With discipleship we are introducing others to Jesus. The growth and recovery of our church needs an expanding membership with members like you. This year we hope that you will accept the challenge of asking a family member, neighbor or friend to attend our church services. Your extending an invitation to worship with us makes it possible for us to provide a meaningful and friendly place of worship to share the message of God's love to the community. How can you bring up visiting us? Have a conversation with the person on how are services at their church (maybe they don't go to church). Ask what they think about weekly open communion (maybe they haven't taken communion in a long while and this is an excellent opportunity for them to visit us for communion). You can also encourage others to view our services by going to www.stpaulbera.org and selecting watch a service. <http://www.stpaulbera.org/donate>. Thank you for accepting this challenge.

With Gratitude,
Dennis Mille, Treasurer

ELECTRONIC GIVING IS AVAILABLE

Greetings, We offer and encourage electronic giving as a way to automate your regular weekly offering. Electronic giving offers convenience for individual congregation members and provides much-needed donation consistency for our congregation.

Direct debit giving is used to automatically transfer funds from your checking or savings account to the church's bank account.

Credit and debit card giving allows you to make offerings automatically on a pre-determined schedule using your credit or debit card. You can also designate the small processing fee that is paid by the church as an additional contribution.

Online giving allows you to go to StPaulBerea.org at any time to set up an automatic donation plan, change your donation plan, select monthly Sheep and Goats donation, make a one-time donation, or view your online donation history. The first time you donate, you will select a password that will enable you to log in at any time. If you have further questions please contact the church office, 440-243-1144.

If you are currently giving on a weekly basis, you will no longer need to write out 52 checks a year or prepare 52 envelopes. When travel or other circumstances prevent you from attending services, this program will allow your weekly offerings to continue on an uninterrupted basis.

For those who prefer to place their contribution in the offering plate as an "act of worship", this is still available and appreciated. Likewise, you can mail your offering to the church.

Please prayerfully consider the blessings you have received and with gratitude prepare your donation for our church either online or in person.

With Gratitude,

Dennis Mille
Treasurer
